AZ82.60-P-0004A Retrofit vehicle video system

MODELS 163.136 /154 /172 1A as of 145273, 163.136 /154 /172 1X as of 708319, 163.113 /128 /157 /174 /175 1# left hand drive vehicle

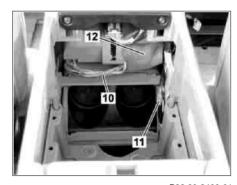

- Central interface module 1
- 2 Video monitor
- 3 Video player

P82.60-2399-01

- Antenna cable for FM modulator 6
- 7 Vehicle antenna cable
- 8 Self-adhesive foamed material
- 9 Antenna cable for FM modulator

- 4 Auxiliary interface module
- 5 DVD player wiring harness A2 . Radio

P82.60-2400-01

- Illustrated up to VIN A289564, X754619 Wiring harness for auxiliary interface 10
- module
- 11 Clip
- Self-adhesive foamed material 12

- В Video/DVD player wiring harness С
- Wiring harness for video monitor

- Illustrated as of VIN A289565, X754620
- Auxiliary interface module connector 13
- Mount for center console 14

	Remove		
1	Remove center console		
f	Remove/install center console		AR68.20-P-2000GH
2	Remove center console insulating mat		
3	Remove rear air duct	i Up to VIN A289564, X754619. 2 screws at rear air duct.	
4	Remove radio (A2)		
f	Remove/install radio		AR82.60-P-7502EA
5	Remove glove compartment		
f	Remove/install glove compartment		AR68.10-P-1400GI
		Torx bit set	*000589011000
6	Loosen upper section of right front door rubber seal		
7	Remove A-pillar paneling on right		
f	Remove/install paneling on A-pillar		AR68.30-P-4050GH
		S Long wedge	*115589035900
8	Remove right sun visor		
f	Remove/install sun visor		AR68.60-P-5480GH
9	Remove right front handle	i Open covers for handles, press down clip on each side of handle, at the same time press handle upward and pull out.
