

BT27.50-P-0012-01A	Conversion from 18° to 23° gearing in front and rear planetary gear system	k
--------------------	--	---

**TRANSMISSION 722.60# /61# /61# (except 722.601 /612 /614) ## as of 2102731 as of 21.3.00,  
722.621 /623 /624 /626 /628 /63# /63# /661 ## as of 2094082 as of 16.3.00,  
722.662 ## as of 2102731 as of 21.3.00,  
722.663 ## as of 2094082 as of 16.3.00,  
722.664 /665 ## as of 2102731 as of 21.3.00,  
722.666 /669 ## as of 2094082 as of 16.3.00,  
722.69# ## as of 2102731 as of 21.3.00**

The helical gearing angle in the front and rear gear sets was changed from 18° to 23° to improve the noise level of the gear sets.
